THE 2018 FINANCIAL CRIME COMPLIANCE (FCC) SUMMIT

INTRODUCTION

The Compliance Register has, since 1995, conducted practical compliance training for compliance professionals and senior executives.

Financial crime risks continue to bear down on our industry with many new issues and challenges. This Summit seeks to address all the topical issues and help you chart your way through troubled waters. This is our 11th annual series of conferences targeted at financial crime compliance professionals and senior executives in the financial services industry. The objectives of this series are to:-

- Provide intensive training and provide delegates with the opportunity to upgrade their skills and knowledge; and
- Provide a networking forum for financial crime compliance professionals and senior executives.

In line with our policy to deliver “value for money”, this conference will yet again be packed with major topical issues delivered by industry practitioners and experts. The delegate fee includes refreshments, lunch and a networking drinks reception. The various presentations will be available for download from our website after the Summit.
