THE 2023 FINANCIAL CRIME COMPLIANCE (FCC) PROFESSIONALS CERTIFICATION COURSE

INTRODUCTION

The Compliance Register, has since 1995, conducted practical compliance training for compliance professionals and senior executives.

OBJECTIVES

The objectives of this online intensive course are to train and assist FCC professionals to adequately perform their professional duties. Many, if not all enforcement cases have their roots in poor compliance arrangements and lack of proper policies and procedures to deal with operational compliance. At a time of increased regulatory scrutiny, budgetary constraints and supply chain disruptions, being able to manage the FCC function poses increasing challenges as new threats emerge in a fast changing environment. Brexit has and will continue to bring changes to UK laws and regulations.

To obtain the FCCP Certification, delegates will be required to submit course work within agreed time limits and meet the required standards. Please note obtaining certification is not mandatory and there is no additional charge.

We are pleased to run this event with the support of key industry professionals. This event will be run online using Microsoft Teams hosted by Womble Bond Dickinson.

Documentation will be provided.

Course Fee	Fee	VAT	<u>Total</u>
Per delegate:	250.00	50.00	£300.00
